Leave-it practice checklist

Practice with safe food and a separate reward. If your dog guards food or objects, get professional help before trying this exercise.

- ☐ Clear the room of hazards and give other pets their own space.
- ☐ Put the practice food and the reward in separate hands.
- ☐ Mark the first comfortable turn away and deliver the separate reward.
- ☐ Collect the practice item after each trial.
- ☐ Write down the height or distance where your dog succeeded before changing one thing.

Practice height or distance to repeat
