Walking harness fit checklist

- [ ] Measure the dog as the maker directs.
- [ ] Adjust and check the straps on the standing dog.
- [ ] Watch the harness during a few steps for rubbing or shifting.
- [ ] Stop use and contact your vet about sore skin or pain.
- [ ] Recheck the clips and attachment point before going outdoors.

Stop using a harness that causes sore skin or pain. Ask your veterinarian before fitting it over an irritated area.
